Union Council – April 2008

Firstly I have not been in the office for 4 weeks so not much to report.

Tour – went with 310 students and came home with 310 students so very much a success, Tom Worman is working on the DVD as we speak with all proceeds going to RAG, should be epic!

AU dinner – Getting very close now, the speaker is Peter Shilton as he is the only one available! I am sure the run up will be manic but it promises to be the best one to date.

NUS conference – I was present as part of my 2012 role and was pleased to see some sort of sporting matter at conference, it has long been my view that NUS does nothing for sport, hopefully this can change and they can appeal to a wider demographic of students.

Very short and sweet but there you go
