Union Council – November 2007

Branding – We now have a shortlist of 3 possible names that we are working on designs for; these are the Portsmouth Phoenix, Portsmouth Sharks and The Portsmouth Pride. At the same time we are attaching a meaning to the brand, what do we want the brand to signify? The important thing is we strengthen sports position within the Union and use the brand to emphasise everything the AU stands for.

AU exec – working really hard, very impressed with all of them, Purple Wednesdays is going from strength to strength and Intramural is becoming a huge success.

Naked calendar – looks amazing, thanks to Tom and Andy for taking/organising the photos. Hope to have 500 on sale to start with at a cost of £5 on the 28th November. Has the potential to raise in excess of a £1000 for RAG! Awesome!

Olympics – Update on the student action group I sit on. After our first meeting we decided students' unions main roles would be that of increasing participation, embracing and promoting multiculturalism and creating a volunteering legacy, all of which will use the Olympic gold dust to get people excited. Plans are underway to create a strategy so we can succeed in our goals, we want to involve students' unions as much as possible.

Strategy – Will be doing lots of work on making it right for the students union to be part of, by the time of this meeting I will have met with my AU exec to discuss what the AU should have in there, what direction does the AU want to go in and what does it want to achieve, all of these things will then hopefully be factored into the document which will result in sport being enhanced for the students we represent.

Generic kit – Have asked the AU clubs to fill in a form which states what kit be it playing or social they use throughout the year. After this we can then start the production of the tender document that can be circulated across interested suppliers. We then choose which is right for us and away we go, Good quality cheaper kit without the hassle! Fantastic!
